PRESENT: General Smith, Messrs. Dulles, Wisner, Wolf, Becker, [] 25X1

General Smith:

25X1 a. Referred to the item in today's Log [] 25X1
[] and asked whether it would be necessary for him
to do anything about this. Mr. Wolf noted that he believed this matter was in
hand at the present time; however, it might be necessary to call upon the DCI
at a later date. 25X1

25X1 c. Referred to the cable from [] concerning travel to and 25X1
from [] and, after some discussion, directed DD/P to advise [] 25X1
to "use his own judgment" in this matter.

Mr. Dulles:

a. Briefly reported on the hearing he attended yesterday before the Joint
Congressional Committee on Atomic Energy and, after some discussion, the Director
stated we had done all we possibly could on this matter and in the final analysis
the Committee would have to make its own decision.

b. Noted that the proposed Gunther article on CIA had been received and
while he had not had opportunity to read this in its entirety he believed it
was all right with the exception of the fact that possibly too much was said
about senior personnel of the Agency. The Director stated that (1) he did not
wish to go over the article himself; (2) all references to personnel should be
cut out with the possible exception of Mr. Dulles who was "already well known."

Mr. Wisner:
